If the Sewer Department Bonds may not be paid directly by such proceeds, then the Town shall hold the proceeds in a separate reserve account until adequate reserves are established to assure payment of all Sewer Department Bonds. The funds in the said reserve account may not be used for any other purpose until all Sewer Department Bonds are paid in full.~~

~~(B) Notwithstanding the provisions of this section, the Town may freely make any sale of sewer department assets in the ordinary course of business, and may freely create purchase money mortgages or security interests; and the proceeds from such transactions need not be applied to any Village Utility Bond.~~

(~~3~~ 2) Payment of District Costs. Costs required to support special services in the Village District shall be paid for by the persons residing in or owning property in the Village District in such manner as the selectboard may determine consistent with the terms of this Charter. (c) Meetings of Special Districts. A meeting of the voters of one or more special districts may be called, warned, and held, and any article may be warned for action at such a meeting by the selectboard or the district's voters in the same manner that the selectboard or voters of the Town may call, warn, or hold a Town meeting, or may warn an article for action at the meeting, under Vermont law and this Charter except as those processes are expressly changed by this section.

(1) A meeting of a special district may be held at the same time and place as a meeting of another special district or as a Town meeting. In such case, the warning for the meeting need not specifically mention the special district meeting, except that each article warned for action by a special district shall include words to the effect of "Shall the voters of [*name of special district*][*describe matter to be voted on*]."

(2) The Town moderator, board of civil authority, and constable shall have the same powers and duties for a meeting of a special district as each has for a Town meeting.

(3) The Town clerk shall prepare a checklist of the voters of each special district including each proposed special district. The checklist for a special district shall be prepared in the same manner as the Town checklist, except only that a special district's checklist shall be confined to those qualified voters of the Town who reside in the special district. A special district checklist may be compiled by notation on the Town checklist of each special district in which a person is qualified to vote.
